Virsing Vasava

Python Backend Developer

virsing.vasava255@gmail.com | +91 9638601537 | LinkedIn

SUMMARY

Senior Python Backend Developer with **6.5+ years of experience** in designing and building scalable backend systems and RESTful APIs. Strong expertise in **Python, Flask, database-driven architectures**, and backend system design. Proven experience delivering high-performance applications for international clients across eCommerce, logistics, and enterprise platforms. Passionate about clean code, scalable architecture, and modern backend best practices.

TECHNICAL SKILLS

Languages	Python, PHP, JavaScript
Backend Frameworks	Flask, Django, Laravel, CodeIgniter
Databases	MySQL, PostgreSQL, MongoDB
Backend Concepts	REST APIs, CRUD Operations, MVC Architecture, Authentication & Authorization
Tools & Platforms	Git, GitHub, Linux (Ubuntu), Postman, Docker (Basic)
Cloud (Basic)	AWS (EC2, S3), Azure

WORK EXPERIENCE

Senior Software Engineer

Acquaint Softtech Private Limited, Gujarat, India | May 2025 – Present

- Designing and developing scalable backend systems using Python and modern backend frameworks
- Building and maintaining RESTful APIs for high-traffic web applications
- Collaborating with product and frontend teams to deliver robust backend solutions
- Implementing clean architecture, reusable components, and optimized database queries
- Ensuring security, performance, and reliability across backend services

Senior Software Engineer

DevRepublic, Gujarat, India | Mar 2023 – Jan 2025

- Developed and maintained backend systems for international clients
- Built REST APIs and backend services for online printing platform (DrukwerkMAX)
- Implemented backend features for employee gifting and engagement platforms
- Handled database design, integrations, and backend performance optimization

Senior Software Engineer

Seven Square Technosoft Pvt. Ltd, Gujarat, India | Nov 2020 – Feb 2023

- Developed secure backend systems for cyber awareness and safety platforms (ISEA)
- Built backend solutions for logistics and same-day delivery platforms (CountMee)
- Designed APIs, authentication flows, and data-driven features

Backend Developer

Lembits Technolab Pvt. Ltd., Gujarat, India | Oct 2019 – Oct 2020

- Built backend applications using MVC architecture and REST APIs
- Worked on backend integrations and database-driven features

Junior Backend Developer

Kirti Technologies Pvt. Ltd., Gujarat, India | Jul 2018 – Sep 2019

- Worked on backend development using PHP and MySQL
- Developed and maintained CMS-based backend systems

QUALIFICATION

Education:

Master of Computer Applications (MCA)

Dharmsinh Desai Institute of Technology, Gujarat — 2016 – 2018

Bachelor of Computer Applications (BCA)

Xavier's Institute of Computer Application, Gujarat — 2012 – 2015

Certifications:

Python Backend Development REST API & Backend Architecture

PERSONAL DETAILS

Date of Birth: 25.05.1989
Languages: English (Professional),German (A1 – Learning), Portuguese (A1 – Learning)
Hobby: Reading, improving backend engineering skills, traveling, and experiencing diverse cultures.
Residence: Ahmedabad, Gujarat, India
Work Permit: Open to EU Blue Card / Skilled Visa
